

# 30 DEGREES

DESIGN BY JOHAN VAN HENGEL

30degrees is a lightweight shade made of laminated oak veneer. The seamless surface is achieved by aligning the ends of semicircular veneer sheets at a 30degree angle, so the inside cone and internal angle is always 30 degrees. The layering of the conical veneer creates a solid shade that is opaque and characterized by its harmonious woodgrain pattern. Rich in tactility, the series express a natural elegant aesthetic. All shades are sealed with a matt lacquer and supplied with a moulded locator fitting, which levels and supports the shade when suspended. 30degrees suspension light available in conjunction with Cord Set.

## PRODUCT DETAILS

- / Part of a progressive and technologically advanced lighting collection.
- / CE approved.
- / An visually lightweight wooden directional pendant available in a variety of sizes.
- / Compatible with a standard E27 pendant cord set and replaceable E27 bulb.
- / The fitting can be used in conjunction with a number of standard wall mounted dimming control units.
- / Suitable for both private and office environments.
- / Qualified for contract use.
- / For indoor use only.
